Secured a S.G.P.A of 9.36

Chethana PU College

12th | PCMC

Year of Passing: 2020

Studied PCMC and secured 70.67%

Sindhi High School

10th | CBSE

Year of Passing: 2018

Studied all subjects and secured 82.8%

Interests

Since the time I was in 5th Grade, I had always aspired to have an IT Job.

After all these years of studying Computer Science, that interest still remains at priority.

Currently, I have studied Python, C/ C++, SQL, Data Structures and JAVA through my University courses. Separately, I have learnt the basics of Unreal Engine which is closely related to AI, VR and gaming, as well as HTML and CSS to design webpages. I also possess the skill set to work with Microsoft Office Applications such as Microsoft Excel, Microsoft Word and Microsoft PowerPoint.

My interests mainly lie in Unreal Engine, HTML/ CSS, SQL and Python.

I have experience working with each through projects during my first three semesters.

Looking forward to seeking an opportunity to enhance my present skill set and apply my knowledge wherever possible.
